E-Mail Marketing: New Product Release

THE NEXT EVOLUTION IS HERE

JOIN THE MX-2 WAITLIST

We are filled with pride that so many of you have received your MX-1 and you have blown us away with your positive feedback, we know there are still many waiting. All orders will ship this upcoming week with all the accessories. Thank you again for your business and patience. We are working through this weekend as well to process all of the mx1 orders.

The **MX-1 redefined Glock conversion kits**—now, we're taking it even further. Introducing the **MX-2**, a next-generation **pistol conversion kit** designed for almost every other hand gun **brand beyond Glock**.

Built on the same foundation of **precision, durability, and modularity**, the **MX-2 expands compatibility to top-tier handguns**, giving you even greater flexibility. The **MX-2 is engineered to adapt to your setup** - if you **don't have a Glock**, no worries, we got you covered!

Why Get on the MX-2 Waitlist?

- ✓ **Expanded Firearm Compatibility** – No longer limited to Glock.
- ✓ **Upgraded Aluminum Chassis** – Built for strength and reliability.
- ✓ **Enhanced Folding Stock System** – Compact, portable, and rock solid.
- ✓ **Ambidextrous Controls & Quick Release** – Seamless handling for all shooters.
- ✓ **Accessory-Ready** – NATO Picatinny top rail + M-LOK slots for optics, grips, and lights.

Be the first to get updates and secure your MX-2 before anyone else.

JOIN THE MX-2 WAITLIST

JOIN THE MX-2 WAITLIST

EXPLORE THE MX-1

Want to Learn More About the MX-1?

While you wait for the **MX-2**, take a deep dive into what made the **MX-1 a game-changer**. We've put together a **detailed overview video**, along with other resources to show you exactly how the MX-1 works, its key benefits, and how to get the most out of it.

Whether you already own an MX-1 or just want to see what makes it stand out, this is the best place to **get all the details in one spot**.

PROJECT HIGHLIGHT

CAPTION:

On Jan 13, 2023, days before large crowds of gun enthusiasts gathered in Las Vegas for Shot Show 2023, the Bureau of Alcohol, Tobacco and Firearms (ATF) issued a new "ruling" requiring millions of Americans to register their pistol should it be attached to a brace or stabilizer.

According to the new ruling if an individual, manufacturer, or retailer attaches one of these popular accessories on a firearm that was designed to be a pistol and has a barrel under 16 inches long, it is now considered a short-barreled rifle (SBR) under the National Firearms Act of 1934 (NFA).

Content Series: "Shoot Your Shot"

At the time of hire, very little content was being presented.
So we came up with a video series concept of photo slideshows based on
model and photographers using the product.

Episode 1: Oleg Volk X Kylee McSweeney

Episode 2: Delucia Media X Katie Hernandez

Content Series: "History's Famous Women Gunslingers"

For the Month of March being "Woman's History Month"

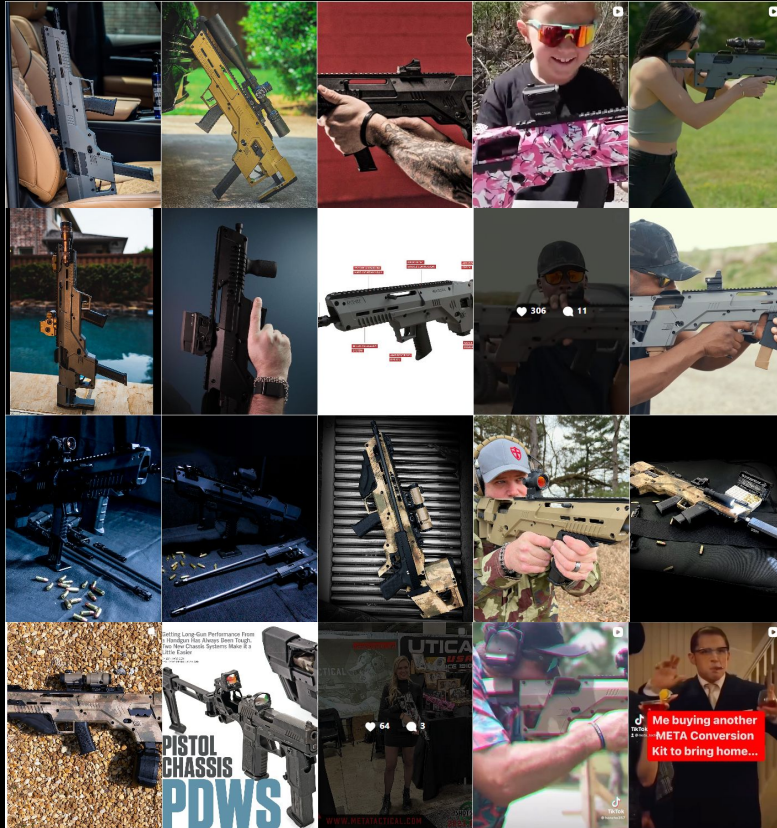

This Series Was Created with the 1st AI Tools available for VOICE OVER and edited with curated content from history documents and modern pop culture media to visually tell the stories

INCLUDED BARREL

DESCRIPTION

Only the highest quality materials are used in META Barrels. Our automated machining and inspection processes ensure that nothing is missed throughout the manufacturing process. We employ rigorous in-process inspection procedures both inside the machine via precision probes and outside the machine via skilled visual and live fire inspections. META Barrels are finished in Black Nitride and then engraved giving each barrel a turning appearance. Combine this barrel with an APEX Bullpup Carbine Conversion Kit for a compact, precision shooting experience. The slim, ultralightweight 16" barrel design is a result of years of experience combined with ground-the-clock R&D and testing.

PRODUCT FEATURES

- PROUDLY MADE IN THE USA.
- American Steel
- Polygonal Riffled
- Chrome Moly (CMoV) Stress Relieved
- Black Nitride Finish
- 1:10 Right-Hand Twist Rate (6 Grooves)
- Button Riffled
- High Precision / Tight Tolerance machining
- Improved Lock up for increased reliability and accuracy
- Proprietary Thread with muzzle device and thread protector

INTRODUCING THE MX-1

The MX1 revolutionizes handgun conversion kits with a compact design supporting over 70 Glock models in a single chassis. Lightweight and portable, it features an aluminum top rail, shroud, and folding stock, fitting easily in a backpack.

Choose stock or stabilizer configurations and multiple colors, with standard M-LOK slots and a Picatinny rail for accessories. The advanced charging system ensures smooth, consistent operation. Durable, versatile, and affordable, the MX1 sets a new standard in handgun conversion kits.

MX-1 CONVERSION KIT HIGHLIGHTS

- ⚡ All-in-One Chassis: Compatible with 70+ Glock models.
- ⚡ Advanced Charging System: AR-style design, eliminating the use of handgun serrations
- ⚡ Compact & Lightweight: Foldable stock/stabilizer for easy portability.
- ⚡ Premium Materials: Aircraft-grade aluminum rail, stock, and shroud—at a polymer price.
- ⚡ Accessory-Ready: Standard M-LOK and Picatinny bottom rail included.
- ⚡ Force Multiplier: Enhances accuracy and lethality.
- ⚡ Quick & Secure: Patented tool-free locking system for fast handgun insertion
